

By Seatorque Control Systems for the Marine Professional

Welcome to the Fall 2019 Trade Show Edition of **DRIVEN!**

The 60th International Ft. Lauderdale Boat Show kicks off October 30th – November 3rd – Visit Seatorque at our new location in the engine tent - Booth # 1227, BAHIA MAR.

Called the greatest Boat Show on the Seven Seas, meet the team and learn about our exciting new product line-up of Seatorque Shaft Systems.

METS is also fast approaching! Show dates November 19th – 21st at the RAI Convention Center, Amsterdam.

The METSTRADE Show is the world's largest trade exhibition of marine equipment. Join us in the Superyacht Pavilion Booth 11.202 hosted by Halyard, our European distributors.

NEW BUILD Round-up!

We will regularly feature new and exciting Seatorque equipped vessels under construction or recently launched. In this issue we feature 4 new builds.

UNDER CONSTRUCTION

Nordhavn 96 – Winner of the Yacht & Aviation Award, The NH96 features twin Seatorque ST4B-350 Shaft systems, and is a true World Explorer, equipped with only the best equipment for long range exploring, reliability and comfort.

Roscioli 76 - Bob Roscioli has a no compromise approach when it comes to the boats that carry his name. The new R76

models, two currently under construction, both equipped with Seatorque M4B-350 Seatorque systems. The R76 represents a new hybrid of Sportfish style and motor Yacht comfort. Keep your eyes out for these beauties, due to launch 2020.

The New RIVIERA 64 - new Riviera 64 Sports Motor Yacht is the latest addition to the Riviera long range cruising family. The result is a hull that delivers a smooth, soft and dry ride in a wide range of offshore conditions. This new vessel design is equipped exclusively with Seatorque's New MX1-300-80 System. The order book is filling up fast, be sure to mark your calendar for a 2020 launch.
