PRESS RELEASE
OCTOBER 2013

SEATORQUE

What moves you

BIO-MAR®

FULLY BIODEGRADABLE, GEAR OIL & MARINE LUBRICANT

SEATORQUE'S HIGH PERFORMANCE, FULLY BIODEGRADEABLE, ENVIRONMENTALLY FRIENDLY, GEAR AND STERN TUBE LUBRICANT

MARPOL, the IMO, Legislative and environmental agencies around the world are enforcing regulations to preserve the marine environment through the complete elimination of pollution by accidental discharge of oil and other harmful substances.

Bio-Mar®

√ **Readily Biodegradable**

√ **Low Toxicity**

√ **Low Bioaccumulation**

√ **80% of the raw materials used in Bio-Mar® are derived from renewable resources**

Bio-Mar® - Excellent gear oil performance, giving high levels of protection to heavily loaded bearings, extremely low coefficient of friction, excellent anti-corrosion protection, versatile high performance ratings meeting all relevant performance specifications.

Vessel operators and port authorities embrace environmentally friendly oils and lubricants. Bio-Mar® is the foremost in advanced high performance “green” lubrication. Available by the quart, gallon, or drum. Contact Seatorque today for details.

The Planet Is a Precious Place.....Do Your Part, Choose Bio-Mar®
